

SOCIAL FINANCE MAPPING

Key actors in microfinance and social economy finance

version 2025

This publication maps a variety of stakeholders active in microfinance and social economy finance sectors. It identifies key international and national private, public and non-governmental organizations and their representatives, as well as briefly describes their main focus of activities.

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission. Neither the European Union nor the granting authority can be held responsible for them.

Country	Belgium		

Bulgaria

FUSE project		Website	https://www.fuseproject.eu/
<p>The aim of the FUSE project is for social innovations in Ireland, Bulgaria, Cyprus and Portugal to have support from a strong network of cross-sector stakeholders and promoters at a national and EU level.</p> <p>The FUSE Project is a cross-European consortium, made up of Rethink Ireland, Genio Trust (Ireland), Cohesion and Development Agency (Portugal), Portugal Social Innovation and Mission Unit, The Change Foundation (Bulgaria), BCause Foundation (Bulgaria), Cleantech (Bulgaria), Bulgarian Center for Not-for-Profit Law, The Business Institute (Bulgaria), the SYNTHESIS Center for Research and Education (Cyprus), and the Centre for Social Innovation (Cyprus).</p> <p>The FUSE Project is a consortium which uses transnational cooperation and shared learning at its heart for the establishment of National Competences Centres for Social Innovation (NCCSIs).</p> <p>The overall objective of the FUSE project is to improve the ESF+'s effectiveness as an instrument that supports social innovation, channelling it towards the greatest societal challenges faced at the regional, national and European levels.</p> <p>Over a two-year period, the consortium members will work to identify, test out, and validate the needs and gaps in the social innovation ecosystems with input from key ESF+ and social innovation stakeholders in each of the countries covered, with the goal of ultimately establishing a sustainable and responsive NCCSIs.</p> <p>The FUSE project aims to support social innovation stakeholders through capacity building, knowledge transfer, networking and synergies leading to the following outcomes:</p>			

- increased transnational knowledge-sharing between competency centres at EU level,
- improved support mechanisms available for key social innovation stakeholders,
- strengthened public policy and capacity on the national and/or transnational levels to support social innovation,
- strengthened transnational cooperation in developing social innovations,
- increased likelihood that social innovation projects become 'scaling ready',
- improved conditions for testing, replication and/or upscaling of social innovations,
- overcome and addressed gaps by each country in the social innovation ecosystem.

The FUSE Project will create the framework conditions and enabling environment where social innovation can emerge and scale. The Project can have real and lasting impact, by working to build capacities of key social innovation players across government, academia, industry and civil society, to strengthen and enhance their capacity to act, encourage cross-sectoral experiments and new, collaborative ways of working.

SI Plus project	Website	https://www.sofia-da.eu/en/current/si-plus-project/library.html
-----------------	---------	---

From May 2021, Sofia Development Association has become a part of an international consortium implementing the project Social Innovation Plus - Competence Centres (SI PLUS). The project is led by Lechner, Reiter & Riesenfelder Social Research OG – Austria. Project partners are Foundation for the Technical Development of the Industry – Hungary and the Ministry of Labour, Social Affairs and Family – Slovakia. Associated partners are Ministry of Labour, Pension System, Family and Social Policy – Hungary, Ministry for Social Policy and Integration, Baden Württemberg – Germany, Slovenian Government Office for Development and European Cohesion Policy and European Network of Social Integration Enterprises.

SI PLUS aim is to provide professional support services to social innovation in public policy on employment and the labour market. It intends to establish national competence centres in four countries: Austria, Bulgaria, Hungary, and Slovakia in order to support ESF Managing Authorities in planning and implementing subsidy programs for boosting SI, as well as social innovators in order to benefit from these programs.

The project builds on the previous cooperation of the partners in the Danube Transnational Programme (Interreg), which aimed to promote economic, social, and territorial cohesion in the Danube Region through policy integration.

SI PLUS includes institutions from countries with diverse levels of economic development and different experiences of social innovation.

BDB Microfinancing	Website	https://www.mfi.bg/en/about-us-mfi/Summary-mfi/	
<p>BDB Microfinancing was created in 2011 as a part of the Group of the Bulgarian Development Bank. Its main purpose is to facilitate the access to financing of the micro- and small businesses, agricultural producers, freelancers, craftsmen and others who develop or start new business on the territory of the country. The main purpose is a long-term provision of financial services to the micro- and small enterprises. In this way BDB Microfinancing:</p> <ul style="list-style-type: none"> • improves their access to financial services, • contributes to the creating and retaining of workplaces, • reduces their “exclusion” from the market of financial services, • helps the target groups to develop their own business ideas. <p>BDB Microfinancing introduces a new program to support SMEs, start-ups and social businesses. The program is in partnership with the Fund Manager of Financial Instruments in Bulgaria and aims to promote entrepreneurship among vulnerable groups. It will enable businesses to access credit resources on easy terms at 25% lower interest rates than the standard rates of the financial institution. The resource is under the Operational Program "Human Resources Development 2014-2020" (OPHRD), co-financed by the European Social Fund.</p>

SIS Credit	Website	https://www.siscredit.com/en/home/
------------	---------	---

SIS Credit was established in 2006 and is one of the leading microfinance institutions in Bulgaria. The company is supervised by the Bulgarian National Bank in accordance with the Law governing credit institutions in Bulgaria and is connected to the Bulgarian credit bureau. SIS Credit is part of financial group SIS.

SIS Credit mission is to support the preservation of existing jobs and the creation of new ones in Bulgaria by understanding the needs of its clients that is entrepreneurs, micro and small businesses and providing them tailor-made products and services in a fast and effective manner. SIS Credit is among the first European institutions that signed the European Code of Good Conduct for Microcredit Provision launched by the European Commission. In 2018 the institution was certified for 94% compliance with The Code. In 2021 SIS Credit was reassessed by passing with 95%.

SIS Credit is committed to the support of entrepreneurs, especially the ones under 29- years old and the ones with disabilities. In December 2017 SIS has been selected as a partner of Fund manager of financial instruments in Bulgaria under the Risk Sharing Micro-Finance Facility under Operational program Human resource development, co-financed by ESF+. Total amount of the project amounts EUR 900 000 and as of March 2019 29 entrepreneurs have already received low-interest funding and professional advice. The instrument provides support to start-ups and social enterprises, as well as those set up by people who have been unemployed for more than 6 months, people with disabilities and young people aged 29 or less. In June 2019 SIS Credit signed another contract to disburse additional EUR 1.47 M under the second phase of the instrument and additional EUR 350 000 funding was approved in 2022.
